About SCRAM CAM

Welcome to the SCRAM Continuous Alcohol Monitoring (CAM) program—a productive alternative to incarceration. By adhering to court orders, the SCRAM CAM Participant Agreement, and your own self-achievement goals, your SCRAM CAM experience can be as personally beneficial as you allow it to be.

Following are the SCRAM CAM basics for your information:

Transdermal Technology

SCRAM CAM checks for alcohol consumption by detecting and measuring ethanol through your skin's vaporous perspiration

Continuous Monitoring

SCRAM CAM automatically tests for alcohol consumption every 30 minutes around the clock

House Arrest

SCRAM CAM can also monitor your presence/absence in the home during specified time periods

Tamper Alerts

SCRAM CAM detects any attempts to tamper with, obstruct, or remove the bracelet

Ongoing Analysis

SCRAM CAM stores and electronically transmits test results daily for evaluation and agency follow-up

Getting Started

Once you are ordered to wear SCRAM CAM and the court has issued a SCRAM CAM Referral Directive, you must call SCRAM Systems of Illinois to arrange for the installation of your SCRAM CAM bracelet within the time given and provide the following:

- Social Security number
- Driver's license or identification card
- Name of judge, county, and court
- Probation officer's name and contact information
- Attorney's name and phone number
- Any court documents pertaining to your case

SCRAM Systems of Illinois and You

SCRAM Systems of Illinois and you both have a role in the SCRAM CAM monitoring process:

SCRAM Systems of Illinois: Installation and Set-Up

- Explains and clarifies the SCRAM CAM Participant Agreement before you sign it
- Attaches the SCRAM CAM bracelet to your ankle
- Gives you a base station to plug into a telephone or internet line at home or at work
- Activates the bracelet to enable it to take readings and store and transmit data via the base station to the central monitoring station

SCRAM Systems of Illinois: Client Management and Monitoring

- Reviews daily reports and promptly notifies authorities of any confirmed noncompliance with court orders
- Performs equipment maintenance, client support, fee collection, and de-installation

You: Continuous Accountability

- Be near the base station at the agreed-upon time to enable data downloads and home confinement verification
- Do not consume alcohol—NONE
- Do not use products that contain alcohol
- Do not tamper with, obstruct, or damage SCRAM CAM equipment

You: Other Regulations

- **Alcohol-Based Product Avoidance:** Do not expose the area around the bracelet to personal, household, or industrial products that contain alcohol
- **Court-Approved Travel:** Plug the portable base station into any phone line to download data on schedule while out of town
- **Showering:** Do take showers while wearing the water-resistant bracelet, but do not submerge it (no bathing or swimming) or you will incur the cost of its immediate repair
- **Payments:** Make SCRAM CAM payments on time

Paying for the SCRAM CAM Program

Daily Monitoring Fee

Daily monitoring fee will be given at time of installation

Installation Fee

A one-time fee will be charged at time of installation

Accepted Payment Methods

Cash, money orders and all major credit cards are accepted

Payment Schedule

SCRAM Systems participants are invoiced on the first of each month, and payments are due upon receipt

Failure to Pay

Failure to make timely payments may result in court notification

Payment Plans

Various options are available for qualified applicants and must be arranged with SCRAM Systems of Illinois before equipment installation

Continuous Alcohol Monitoring Works
